\*Placement criteria in Math dictates starting point and progression. MTH 098 and 099 are not offered in a distance format. If a developmental class is needed, this progression can simply be pushed into a following semester in order to maintain a standard timeline for progress. (If MTH100 is not needed for progression, 3 more hours in General Transfer Electives will need to be added to the academic plan to meet graduation requirements.)

\*\*Placement criteria in English dictates starting point. ENR098 and ENG099 are not offered in a distance format. If ENR098 is needed, this progression can simply be pushed into a following semester in order to maintain a standard timeline for progress.

\*\*\*The final Fall semester of this academic plan can be eliminated if developmental classes are not needed and/or a larger amount of hours are taken in the Summer semesters.
